WoFMate

Approval of *Electronic Check sheet (E-Check sheet) – Warrant of Fitness (WoF)*

This approval is subject to the following terms and conditions:

Electronic Check Sheet Supplier Details			
The Supplier	Company Name	WoFMate	
	Company Contact	Mike Reece	
	Address for Service	[REDACTED]	
	Contact Details	Phone	[REDACTED]
		Website	www.WoFMate.co.nz
Email		mike@wofmate.co.nz	
NZTA Approved Version Number		1.13/2026	
Inspection type(s)		WoF – Light vehicles Car, Motorcycle, Trailer	

Approval Terms and Conditions:

1	This approval is issued on the basis the Supplier complies with the requirements and directions of the <i>WoF check sheet specifications</i> .
2	At all times, the System, E-Check sheet and associated attributes must meet; <ul style="list-style-type: none"> the current version of the <i>WoF Check sheet specifications</i>; and all relevant requirements as it applies to the vehicle inspection, in accordance with section 2.3 of Land Transport: Vehicle Standards Compliance 2002 and 3-6 of the Vehicle Inspections Requirement Manual (VIRM) – In-Service certification (WoF).
3	The Supplier is to ensure each user of the System is adequately trained on the full and proper operation of the System as it relates to the entry and completion of a vehicle inspection, including recheck inspections, as well as the retrieval and supply of records, upon demand. Note: <i>The training must include what a user must do where the user experiences difficulty accessing or using the System, including but is not limited to: Loss of connectivity, loss or damage to hardware and System failure;</i>
4	The Supplier is required to maintain a New Zealand based System support service for all users of the System;
5	All System delivery platforms must confirm and display on the System's interface; the date the system was approved by NZTA and the Approval Version Number.
6	The System (both at interface and at server) must also provide applicable user credentials to identify the inspector and inspection site to which the inspection records and data relate, in accordance with the <i>WoF check sheet specifications</i> .
7	The Supplier must provide all practicable assistance to any person authorised to use or access the System as it pertains to the data: monitoring, management, storage, security, retrieval or supply, inspection, explanation, and use, of vehicle inspections at any reasonable time. This includes an enforcement officer (including NZTA) authorised to inspect the System and demand, retrieve, and

	transfer relevant records and data, directly to a nominated email account for the purposes of inspection and evidential application as applicable;
8	The supplier is to provide all practicable assistance to Waka Kotahi in their regulatory duty and function to monitor, assess or investigate the Supplier, the System, and a user of the System, for compliance with this approval and all relevant legislative requirements;
9	The Supplier must ensure records are stored securely and accessible, upon demand from an enforcement officer or NZTA Compliance officer for a minimum of 12 months from the date of creation.
10	Should the Supplier wish to change or modify the E-Check sheet as recorded in Annex A , the Supplier must apply for a new approval in accordance with the <i>WoF check sheet specifications in the VIRM</i> , prior to any changes being implemented. This excludes cosmetic changes to any user interface/display.
11	This is a temporary approval , NZTA has replaced the WoFOnline system with the Vehicle Inspection and Certification system (VIC). The VIC system will provide a direct link for inspection results but has yet to be finalised. Please note you will be contacted when system is fully functional, this may mean the approval will be extended or revoked by NZTA at that time. This approval is valid from 19/06/2026 and expires on the 19/06/2027 , unless advised sooner, and is based on your system remaining compliant with the NZTA <i>WoF check sheet Specifications</i> .
12	To retain approval after the expiry date, the supplier must re-apply for approval of an E-Check sheet and meet any applicable requirements at that time.

Regards

Geoff Williamson (he/him)

ADVISORY NOTES

T3.P1 Probe B - synthetic test record. FAIL with no same-visit recheck; left open for Probe C to recheck. Safe to delete via cleanup.sh.

Note: This check sheet does not constitute a warrant of fitness. Rechecks must take place within 20 days of the original inspection; after this time a new inspection must be carried out and a new fee paid. Complaints regarding warrant of fitness issues should be first directed to the warrant of fitness issuer. NZ Transport Agency reserves the right to recheck any vehicle following an inspection.
